ONE HATFIELD HOSPITAL

One Hatfield Hospital, part of Phoenix Hospital Group, is a modern, purpose-built private hospital located in Hertfordshire, offering a comprehensive range of surgical and non-surgical treatments.

Phoenix Hospital Group provides exceptional patient-centred care through its state-of-the-art medical facilities, with locations in, Ashford in Kent, Chelmsford in Essex and the Harley Street precinct in Central London.

Why choose US?

- A modern, spacious, purpose built private hospital.
- Ideally located for patients in Hertfordshire, Bedfordshire and North London.
- A choice of over 120 consultants.
- Fast access to wide range of surgical and non-surgical procedures.
- An exceptional team of staff offering the very best standard of care.
- Excellent track record in patient safety.
- Recognised by all the major medical insurance companies.
- Fixed price packages and payment plans for patients funding their own treatment.

 10 outpatient consulting rooms

 3 outpatient treatment suites

 Physiotherapy suite

 10 bedrooms for day care patients

 3 clean air operating theatres

 18 luxury ensuite bedrooms for overnight care

 Free on-site parking including EV charging points

REFERRING PRIVATE PATIENTS

Referring to One Hatfield Hospital is easy. Simply send a referral letter via our secure email **one.hatfield@nhs.net** or post to **One Hatfield Hospital, 3 Hatfield Avenue, Hatfield, AL10 9UA.**

More details on how to refer as well as referral forms can be found in the professionals section at **onehatfieldhospital.co.uk.**

In the meantime your patient can contact One Hatfield Hospital to arrange their appointment.

Self-pay patient referrals

We offer competitive and transparent fixed-price packages for many treatments. Patients can take advantage of a range of payment plans offered by Chrysalis Finance that allow them to spread the cost of their treatment. *(Terms and conditions apply. Subject to availability. Subject to status.)*

Patients paying for their own treatment can choose to self-refer to One Hatfield Hospital by calling our Reservations department to book an appointment with one of our consultants. The cost of the consultation will be given at the time of booking and patients requiring further treatment will receive a quote for their procedure.

A GP referral letter may be required to ensure the correct pathway of care.

Insured patient referrals

We are recognised by all the major insurance companies including, but not limited to:

The process is very easy; patients should contact their provider to check their policy covers them and they will be given an authorisation code which will need to be provided for each appointment. Patients can tell their insurance provider they would like to be seen at One Hatfield Hospital and can call us directly to book their initial consultation.

Diagnostics and treatment will be arranged if required. A GP referral letter is often needed to ensure the correct pathway of care is undertaken, and patients will be referred back to their GP at the end of their care pathway.

NHS REFERRALS

We can offer your patients treatment for a range of conditions, with shorter waiting times. Look out for **ONE HATFIELD HOSPITAL** clinic slots through the e-Referral Service. You can refer NHS patients to us and select the date and location of their appointment while they are at your GP practice. Alternatively, your patient can make an appointment for themselves under the **NHS Patient Choice scheme** or **My Planned Care**.

Directory of services

Service name	Clinic type	Our e-Referral service consultants
Adult Carpal Tunnel NHS Clinic	Hand & Wrist	Mr Angelos Assiotis, Mr Patrick Goon, Mr Clarence Yeoh

Information for referrers

In order to ensure patient safety, every referral will be risk assessed against the following criteria: age, BMI, smoking status, comorbidities and current medical condition.

We cannot accept patients under the age of 18 years.

Services are delivered at NHS tariff with no additional cost to patients or ICBs.

Email: one.hatfield@nhs.net.

"My care at One Hatfield Hospital was incredible. All of the staff, from reception to the surgical team, nurses to catering, were friendly, warm, welcoming, and professional. They listened to any questions or concerns that I had and answered them fully, explaining everything that I wanted to know. I felt very well cared for."

"I visited One Hatfield Hospital for a diagnostic procedure, and I was blown away by the professionalism of the entire team. The reception staff greeted me warmly, and the medical team was thorough and efficient. The procedure was explained step-by-step, which made me feel calm and confident in their care. The environment was modern and comfortable, making the experience as stress-free as possible. It's clear that patient care is their top priority."

"I can't thank the staff at One Hatfield Hospital enough for their kindness and expertise during my visit. I had an outpatient consultation, and the level of attention I received was exceptional. The hospital is clean and well-organised. I felt like I was in the best hands possible. I wouldn't hesitate to return if needed and will be recommending One Hatfield Hospital to friends and family."

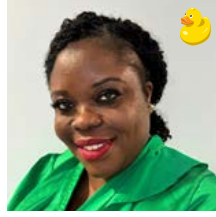

PRIVATE GPs

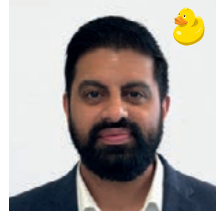

Dr Semiya Aziz

Dr Neha Bhadauria

Dr Obioma Lilian
Ezekobe

Dr Aman Khaira

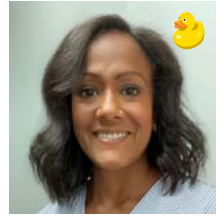

Dr Nitil Kedia

Dr Nirshanthan
Nagarajah

Dr Sanchita Sen

Dr Naomi Selvadurai

At One Hatfield Hospital, we provide quick and easy access to our private GP service.

Our experienced GPs are available 6 days a week (Monday - Saturday) providing face-to-face appointments for patients of all ages.

Why choose our private GP service?

- All our private GPs are experienced general practitioners registered with the GMC.
- Same-day appointments are available or book for a convenient future date.
- Longer 20-minute appointments with time to thoroughly discuss your concerns.
- Face-to-face appointments.
- Male and female GPs available.
- Selection of health screen packages on offer.
- Our GPs see patients of any age.
- Fast track care with onward referral to leading private consultants.
- Access to blood tests, X-ray, MRI and ultrasound.
- One-off appointments for private prescription, check-up and review or ongoing care.
- Overseas patients are welcomed.

One Hatfield Hospital Health Screening Packages

An easy way to get a better picture of your health is through our health screening packages.

Included in all of our health screening packages:

- 45-minute consultation

- Ultrasound – consultant led
- Digital X-Ray

Patients can expect

- Modern and calming environment
- Fast access and convenient appointment times
- Friendly and experienced Radiographers
- Report provided by our Consultant Radiologists
- Fast results, sent directly to your consultant or doctor within 48 hours
- Competitive Self Pay prices

One Hatfield offers outpatient physiotherapy assessment and treatments for a variety of conditions. Our team of chartered physiotherapists practice in a modern and fully-equipped physiotherapy suite.

Our aim is to provide fast, easy access to specialist practitioners who can help our patients to achieve their rehabilitation goals.

Our team assess and treat conditions using a holistic approach encompassing education and support, the latest equipment, techniques and evidence based practice so that patients can swiftly return to their normal activities.

Conditions treated include:

- Neck and back pain
- Nerve pain
- Arthritis
- Sports injuries
- Soft tissue injuries

Services offered:

- Hand therapy and splinting
- Shockwave Brace fitting
- Acupuncture
- Post op rehabilitation

We also provide after-care for all our patients that have undergone surgery at the hospital, and can liaise closely and directly with our team of specialists to ensure ongoing care is delivered to the highest standard.
